Future Career Bridge (SLASSCOM)

Fundamental Track

EXPERIENCE

.NET Developer Intern

ASN IT (Pvt) Ltd – Kandy, Sri Lanka

March 2025 – Present

- Developed RESTful APIs using ASP.NET Web API.
- Designed and implemented database systems to support application features.
- Built front-end interfaces using Blazor with MudBlazor components.
- Collaborated with the software development team to deliver functional modules in a timely manner.
- Gained practical experience in full-stack development in a professional work environment.

PROJECTS

Lanka Nature Walks – (React & Tailwind)

A trekking company offering guided nature treks in Sri Lanka. The website is built using React and styled with Tailwind CSS, providing a seamless user experience. It is hosted on Cpanel for fast and reliable performance. lankanaturewalks.com

E-commerce App – (MERN)

A dynamic MERN e-commerce app featuring a seamless shopping experience, robust backend with RESTful API architecture, and CRUD operations for efficient data management.

Student Management Dashboard (.NET & React JS)

The Student Management Dashboard integrates .NET and React JS with Tailwind CSS styling and the Flowbite library. This facilitates CRUD operations, allowing seamless management of student records

EDUCATION

Trinity College Kandy - GCE Advanced Level | 2020
